Resolution of Protest

Malankara Orthodox Syrian Church, founded by St. Thomas the Apostle, with a glorious history of twenty centuries, has a unique tradition of abiding by the law of the land. The Church upholds its utmost faith in the Constitution of India and the judicial system based on the constitution.

The Government of Kerala has the inalienable responsibility to implement the orders issued by the honorable courts of justice in India. We strongly protest the Kerala Governments' attitude to deny the rightful justice to the Malankara Orthodox Church by not implementing the verdicts in favor of the Church by various courts including the Honorable Supreme Court of India, the Apex Court, in the judicial system based and maintained on the Constitution of India.

Further, we convey our strong protest against the negative approach of the Government by not executing the verdicts pronounced by the Supreme Court of India upholding the independence, equality and self governance of the Malankara Orthodox Church in our parishes like Kattachira, Piravom and Kothamangalam in recent times.

The governments' inaction to resist the atrocities and collective threatening disregarding the Court rulings as per the Constitution of India is really contemptible.

In these circumstances, we demand the Central - Kerala governments to take immediate steps to implement the verdicts of the Courts of justice by upholding their Constitutional obligations.

For Parish
